1. Definition A verb is a word that expresses an action, state, or occurrence. It is the main word in a sentence and is usually preceded by a subject.	2. Types of Verbs Verbs can be classified into two main categories: action verbs and linking verbs.	3. Action Verbs Action verbs express a physical or mental action. Examples include: run, jump, think, and write.	4. Linking Verbs Linking verbs connect the subject to a complement that describes the subject. Examples include: is, am, and seem.
5. Verb Conjugation Verbs change their form to show different tenses, persons, and numbers. This process is called conjugation.	6. Tenses Tenses indicate the time of an action. The three main tenses are: present, past, and future.	7. Person and Number Person refers to the subject of the verb (first, second, or third). Number refers to whether the subject is singular or plural.	8. Verb Phrases A verb phrase consists of a main verb and one or more auxiliary verbs. Examples include: "is running" and "has been thinking".

Question - What strategy, method or tool is most effective at your organization to measure or improve?

17. 1000

Question - what is the effect of the law of the land on the rights of the individual?

the right of the individual to the law of the land is a right which is not subject to the discretion of the government. It is a right which is not subject to the discretion of the government. It is a right which is not subject to the discretion of the government.

the right of the individual to the law of the land is a right which is not subject to the discretion of the government. It is a right which is not subject to the discretion of the government. It is a right which is not subject to the discretion of the government.

the right of the individual to the law of the land is a right which is not subject to the discretion of the government. It is a right which is not subject to the discretion of the government. It is a right which is not subject to the discretion of the government.

the right of the individual to the law of the land is a right which is not subject to the discretion of the government. It is a right which is not subject to the discretion of the government. It is a right which is not subject to the discretion of the government.

the right of the individual to the law of the land is a right which is not subject to the discretion of the government. It is a right which is not subject to the discretion of the government. It is a right which is not subject to the discretion of the government.
