

Sarva Dharm Sammelan

in which “Universal-Human-Dharma” will be propounded

“Human Race is One, Human Dharma is One”

– In the Light of Madhyasth Darshan (Coexistentialism)

- Propounded and Written by: A Nagraj, Amarkantak, India

Location: Manav Mandir, Vill Karouli, Kanpur, UP	Date: 23rd April, 2012
Conference Information at: English Site: www.mdarshan.info	Madhyasth Darshan Main Site: www.madhyasth-darshan.info

Objective:

To disseminate information to humanity on the discovery of “Universal Human Religion**” or *Dharma** as: Happiness or ‘Resolution’; enabling Undivided Human Society and Universal Orderliness.

Background & Concept:

All Humans have wanted to live in peace and harmony. Numerous efforts have been made in this direction, but the results are not satisfactory. One can also see differences in these approaches. Human progress has depended on our understanding of ourselves, and our role and purpose in Existence. While we have been able to have a common understanding of stones, and animals, a universal, common understanding of the human, why a human exists, what a human is like – is still awaited. In other words, while humans of all nations trust physical things, trusting humans has still not been possible. It has not been possible to identify humanness, human conduct, human mentality and human nature with certainty.

Based on 25 years of *sadhana* (rigorous meditative practice) & original exploratory discovery by A Nagraj, (now aged 92) via the method of *samadhi-sanyam* it has been found that Existence (Reality) is in the form of Coexistence, as units saturated in all-pervasive space. These units, manifested as the four natural-orders: material, plants, animals & humans are self-organized and participate in the larger orderliness. They are in Harmony. The Human too wants to be in this Orderliness, and can do so by having ‘Knowledge’.

The Human is a combined expression of the conscious unit (called *jeevan*) and the physio-chemical body. The fundamental need of the Human is happiness, and this is possible by having “resolution”: via right understanding or knowledge. Understanding the Orderliness, the Harmony inherent in Existence, the Orderliness between the four natural-orders (material, plant, animals and human) itself is Human Dharma, or Human Religion. All Human problems are a result of lack of such knowledge. This ‘Knowledge’ is Absolute, and the same for every human: it is definite, and Universal. On this basis, Universal Human Conduct and Universal Human Values is possible which results in Undivided Human Society and Universal Orderliness. There is an answer to every Why? and How? - In short, the answers to all Human Questions have been found and there is a Resolution for every Human Problem.

The form of bringing this in education has been attained and over 30,000 people in India have gone through these workshops during the past 15 years. Human Values courses based on this have been implemented in numerous institutes of higher learning, Universities, and in the State School Department in Chattisgarh State. Numerous well-known people, scientists, philosophers, religious leaders, politicians, beauracrats, educationists and common-folk have since met Mr Nagraj, listened to this proposal, and some are engaged in serious study.

Based on the understanding & realization of Reality, it has been propounded that **Human Dharma is ONE, Human Race is ONE. Human Dharma = Happiness = Resolution = Understanding.** . This finding provides a new ray of hope, enabling us human-beings to evolve beyond the narrow confines of divisions to truly have an Undivided Human Society.

This is an invitation to people from all existing Religions and those that do not identify with any, to consider this possibility with their own good reason. This event will be held on 23rd April, 2012, at Kanpur.

- Shriram Narasimhan, 01 March 2012

All humans that are interested in such a possibility & want to come of their own accord are welcome

Program

Date: 23rd April, 2012 , Kanpur, Uttar Pradesh, India

9 AM to 1 PM: Propounding of the proposal from Madhyasth Darshan

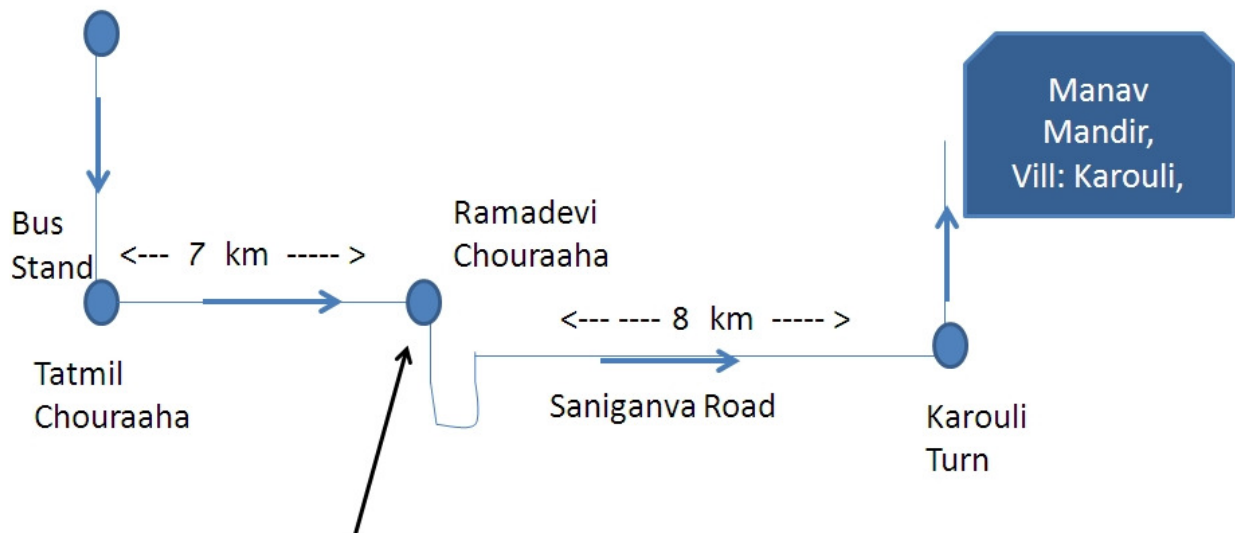

1 PM to 3 PM: Lunch & Rest

3 PM to 6 PM: Invitation for Alternative proposals from the audience, discussion & conclusion

** Food & Staying will be provided*

How to Reach:

Kanpur Central Station

* Volunteers will take you from here. You need to reach here on your own

Contact:

Please provide prior-intimation regarding your arrival

Email: manavmandir@mail.com

Phone: 9907794154, 9372633361, 9403765359, 9695223379 [Prefix 91 if dialing from outside India]

Concept note by Shree A Nagraj:

Human Race, Human Dharma

There are three expectations about human Dharma the study of human being living with developed (evolved) consciousness, godly consciousness and divine consciousness. The study of consciousness specifically can be seen in 4 aspects animal consciousness, human consciousness, godly consciousness and divine consciousness.

All crimes have been committed by humans in the purview of animal consciousness and so far our education which is based on excess-profit, excess-consumption and excess-carnality, is witness to this. Every parent/guardian wants to see morality (good natured, well mannered, gentility) in their offspring, in all space and time. While receiving the above kind of education, can a child remain moral, is something that every parent can reflect upon.

The evidence of living in human consciousness is seen as evidence of resolution, prosperity, fearlessness and co-existence in conduct. This is evidence of realization in co-existence. Co-existence ('existence, everything that is') is now 'accessible' for study. Thereby in co-existence, the experience rooted thoughts get realized in human-behavior as evidence of justice, dharma, and truth with humankind and law, restraint and balance with rest of the nature.

Righteous-wealth, righteous-marital relationship and kindness in one's work and behavior will be evident in behavior according to realization based thought. This has been lived and evidence has been seen. Existential purpose of this is undivided society and universal orderliness. The above described way of behavior leads to trust in the present (existential being), resulting in undivided society. This undivided society orderliness itself becomes family-council based orderliness by way of '10 staged way'. This in itself is universal orderliness. This is the fruition (result) of developed (evolved) consciousness in which every individual's participation happens (is ensured).

- Resolution in the individual
- Resolution and prosperity in the family
- Undivided society
- Universality in orderliness

The nature of Self in humans which is Illusion-free, crime-free is in itself natural evidence. The maturing of humans, men and women into such nature is the identity of an illusion-free, crime-free human race.

One-human-race is now 'accessible' for study based on the fact that the root of the human race, including all features, black, brown, white, is one; based on type of blood, bones that form

the human body, parts and organs of the body, the sharpness of the nails and teeth, definite blood-types and longer intestines (herbivores have longer intestines and carnivores have shorter intestines).

Happiness is Human dharma, Resolution is human dharma. Resolution is attained by understanding, resolution leads to experience of happiness in humans, this is human dharma. This is now 'accessible' for study. This is being studied by the teachers, officials of education department of Chattisgarh, India.

Hence based on the formation of the human body, human race is one and based on resolution (understanding) in man human dharma (happiness) is one.

Based on the above, one-human-race and one-human-dharma will be propounded on the 23rd of April, 2012. 'Manav Mandir' (Human Sanctum), village Karouli, UttarPradesh, India, has been established based on human race being one and human dharma being one with the purpose of undivided society and universal orderliness.

Let there be triumph, well-being and welfare!
